

JOB TITLE

Compliance Reporting Analyst

- Are you a research-oriented, heads-down problem solver?
- Do you love working with data?
- Do you do your best when well trained, and then left alone to execute?

If so, as a Compliance Reporting Analyst for Inteserra, you will be responsible for researching, creating, maintaining, bookmarking, and coding public utility commission / regulatory agency report forms in a proprietary database in support of Inteserra's Compliance Reporting Department. We will provide the training and knowledge, and you will drive quality, successful outcomes through focused, diligent work.

We are looking for professionals with college degrees and/or 2 years of proven professional office experience, and proficiency in office software tools with strong Excel data skills. Our team is stable, and each value each other's contribution to our shared successes in serving our clients. We are looking for more professionals who would benefit from and be a benefit to this environment.

Inteserra Consulting Group, Inc. is a consulting firm located in Maitland, Florida specializing in state/federal regulatory matters for the telecommunications and competitive energy industries. Established in 1986, our firm brings our ability to collaborate, innovate and accurately manage required regulatory actions for our clients. Our solid experience, with market entry, product planning and regulatory compliance has enhanced the value of hundreds of competitive service providers by establishing compliance "best practices" and maintaining good standing with state/federal regulatory agencies.
