

Job Description

Inteserra Consulting Group, Inc., Regulatory Consultant

- Do you have regulatory or operational experience in the telecommunications (including telephony, broadband, VoIP, and wireless) and/or cable industry?
- Are you a proactive, analytical problem solver?
- Are you willing to not only come up with solutions, but implement them?
- Do you have excellent written and verbal communication skills?

Inteserra Consulting Group, Inc., is looking for a Regulatory Consultant to help clients in the telecommunications and cable industries understand and meet state and federal regulatory obligations and to help them plan and manage operational projects. This is a role where you will have resources, processes and knowledge at your fingertips to deliver effective solutions to our clients in the telephony, VoIP, cable, wireless, and broadband industries.

Specific responsibilities will include:

- Regulatory Consulting - Provide guidance and timely expert advice to clients in response to identified needs in connection with FCC and state PUC requirements. Services include initial entry (certification/registration), tariffs, and ongoing rule compliance.
- Client Management – Develop and maintain relationships with client team members.
- Problem Solving - Identify client needs and objectives.
- Team Leadership – Provide subject matter expertise and coordinate efforts of Inteserra team members on assigned accounts.
- Project Management – Plan and coordinate client projects for successful and cost-efficient outcomes for Inteserra clients.
- Participation in Workshops, Seminars, Webinars, and industry events.

Inteserra Consulting Group, Inc., located in Maitland, Florida, serves the telecommunications industry with state and federal compliance consulting, support and service. We are an industry leader with a deep history of success, and continue to grow through product innovation, consistent quality delivery, and industry diversification.

Telecommunications regulatory and/or cable regulatory experience is required.

Job Type: Full-time
